

POWERBOX  
A Cosel Group Company

## Powerbox (PRBX) Sweden relocates and expands R&D in Stockholm

**Press release**  
**September 06, 2021**

**Powerbox, one of Europe's largest power supply companies, and for more than four decades a leading force in optimizing power solutions for demanding applications, announces it has consolidated its Swedish operations to a new facility located at Hägersten, South of Stockholm.**

Originally established at Gnesta (Sweden) in 1974, Powerbox (PRBX) has designed and manufactured power solutions for demanding and complex applications requiring a high level of engineering and technology.

From its inception PRBX has grown to become a leading innovator in power solutions for industrial, medical, transportation and defense application.

Embracing new technologies such as Wide Band Gap (WBG) semiconductors and the migration of the power supply switching technology from analog to digital control, PRBX is expanding its R&D department, taking an important step forwards to guarantee its customers the highest level of quality and performance.

To ensure the shortest time to market, PRBX has merged its Swedish operations to one location, optimizing workflow and communications, and offering excellent working conditions to all of its employees.

Located at Västberga Allé 36A – 126 30 Hägersten in a 3,000 sqm building, with a high focus level on R&D and new technologies, PRBX establishes a new home for power designers to develop the most advanced, efficient and robust power solutions that also contribute to reducing customers' carbon footprint.

In making this move PRBX begins a new page in its history, strengthening its leadership position as *the* power supply expert for demanding applications.

**From September 06, 2021 its new address is:**

Powerbox International AB  
Västberga Allé 36A, 5tr  
126 30 HÄGERSTEN  
SWEDEN

**From its inception PRBX has grown to become a leading innovator in power solutions for industrial, medical, transportation and defense application.**

#### **About Powerbox**

Founded in 1974, with headquarters in Sweden and operations in 15 countries across four continents, Powerbox serves customers all around the globe. The company focuses on four major markets - industrial, medical, transportation/railway and defense - for which it designs and markets premium quality power conversion systems for demanding applications. Powerbox's mission is to use its expertise to increase customers' competitiveness by meeting all of their power needs. Every aspect of the company's business is focused on that goal, from the design of advanced components that go into products, through to high levels of customer service. Powerbox is recognized for technical innovations that reduce energy consumption and its ability to manage full product lifecycles while minimizing environmental impact. Powerbox is a Cosel Group Company.
