Quality in focus – our commitment to our customer's success

QUALITY POLICY

Our products and services meet our customers and other stakeholders requirements and expectations. We fulfill society and business requirements regarding approvals, reliability, safety, quality and environment.

This is achieved by:

- Focus on continuous improvements
- Maintaining a good relationship with business partners, society and other relevant stakeholders
- Providing effective processes and tools to support our business
- Applying an active leadership built on a foundation of engagement, generosity and purpose
- Developing competent, motivated and trustworthy employees.

Tatsuo Yamamoto, CEO
